Dear Parent,

Harleysville Soccer, a non-profit youth soccer organization serving the children of the Indian Valley, is offering *TOPSoccer* (*The Outreach Program for Soccer*) for Summer 2007. This program is designed for school-aged children ages 4 thru 19 who have physical and/or mental disabilities.

The program helps serve the physical and social needs of our community's children who want to participate in fun activities but who, because of their disabilities, may feel left out of traditional sports programs.

Children participating in the program will receive a Harleysville Soccer jersey and a fun 10-week season of soccer training and games taught by caring adult & high school volunteers. The cost of registration is \$30 (payable to "Harleysville Soccer").

Our season begins Friday July 13th and ends September 21st. Sessions will be held in Harleysville every Friday from 6 – 7:30 pm.

We are partnering with Indian Valley YMCA, the Souderton Area School District and Indian Creek Foundation to put this program in place.

Request the *Application/Registration Form* and a *Medical Release Form* to complete and return with your child's registration fee.

As soon as I receive your application, I will contact you to discuss your child's needs, likes & dislikes, and what you hope for him/her to achieve by joining the program.

In the meantime, please feel free to contact me with any questions you have about the program.
